General Information

Our topic this term is, 'All creatures great and small'. This will incorporate all aspects of learning but will be primarily science based. We will be warmly welcoming Holly the hamster to Year One. Pupils are welcome to 'hamster sit' at the weekend. This will involve feeding, cage cleaning and changing the bedding etc. If you are interested in looking after Holly for the weekend, please come and see me. We would like to invite other pets into the class this term so, if you have a child-friendly pet that would like to visit Year One children, please come and book a slot.

We will be visiting a local vet on Thursday 28th March in the afternoon.

We are lucky enough to be joined by Miss Percival, who started on Monday 25th February and will be with us until Friday 21st June. The children have made accelerated progress with a higher teacher to pupil ratio so I am very pleased to be able to continue this provision.

I will continue to invite volunteers into the classroom so please confirm or offer some time if you would like to embellish your child's learning experiences. Please come and see me if you have any questions regarding your child's learning this term.
