Our topic this term is 'Building Bridges'. It will incorporate all aspects of learning but will be primarily history based. We will be learning all about the life of Isambard Kingdom Brunel and his famous creations.

- Year One children are invited to create their own Brunel model to display at our museum day on Thursday 23rd May. Look at the Year One web page to see all the creations made last year. There were bridges, boats, tunnels and hats to name just a few! Add information to the model ready for all classes to visit the museum. Parents are invited from 2.45p.m
- Harry Wakefield - a close friend of Brunel's - is visiting our class on the morning of Thursday 2nd May to hold a living history day where Year One pupils will have a first-hand experience of historical artefacts and learn all about the Victorian period
- On Thursday 16th May, Year One will be visiting the SS Great Britain and attending a workshop to help us understand what travel was like in the Victorian period.

I will continue to invite volunteers into the classroom so please confirm or offer some time if you are able to embellish your child's learning experiences. Please come and see me if you have any questions regarding your child's learning this term.
