General Information

Can anything fly?

This term our topic question is, 'Can anything fly?' Our story focus will be the picture book, 'Kite Day' by Will Hillenbrand. During the first week of term, we will be asking the children about our topic question to discover what we would like to find out and explore across this term. We will be looking at animals, machines and other flying objects!

This term we will be working with our buddy to design and build working kites, which will result in a kite display at the end of term to showcase the children's learning. A little reminder to make sure your children have labelled wet weather clothing in school so we can utilise the school field and woodland area.

A signup sheet for Term 3 'Secret Reader' slots (3pm, Fridays) will be placed outside Reception classroom.
