Dear Parents

School Milk Services Ltd is a local business that has been working in partnership with your Local Education Authority since 2001 to deliver fresh milk to school children across the South West.

As you may be aware school children under the age of 5 receive milk free of charge which is funded by The Department of Health through The Nursery Milk Scheme. Once children reach the age of 5 this funding is withdrawn.

We offer a service in conjunction with the school to continue the supply of milk for your child. The cost of this service is 32p per day*. Your child would then continue to receive a 189ml carton of semi-skimmed milk at the morning break period.

Should you wish to take up this service you can either register your child through our website www.schoolmilkservices.co.uk/parent or by calling us directly on 01934 510 950. Your child can join any day of the month, but payment must be received by Thursday of the preceding week. Costs are calculated at around 32p per day* for the number of school days when joining the scheme to the 28th February 2022 or to the end of the school year in July 2022. Any INSET days will be credited on future invoices.

**subject to change*

Should you have any questions or queries, please do not hesitate in contacting us.

Yours faithfully,

School Milk Services
