1. INTRODUCTION

St. Francis' Catholic Primary School and the Governing Body are clear about their responsibilities in relation to safeguarding and promoting the welfare of children.¹

Safeguarding and promoting the welfare of children refers to the process of protecting children from abuse or neglect, preventing the impairment of their health or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective and nurturing care and undertaking that role so as to enable those children to have optimum life chances and to enter adulthood successfully.

School staff are particularly important as they are in a position to identify concerns early and provide help for children, to prevent concerns from escalating. Schools and colleges and their staff form part of the wider safeguarding system for children. Schools and colleges should work with social care, the police, health services and other services to promote the welfare of children and protect them from harm.

Our policy applies to all staff, Governors and volunteers working in the school. There are five main elements to our policy:

- Establishing a safe environment in which children can learn and develop
- Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children and create a culture of vigilance
- Raising awareness of and responding appropriately to safeguarding and Child Protection issues and equipping children with the skills needed to keep them safe.
- Having clear procedures for identifying additional needs and reporting cases,

¹ Section 175 of the Education Act 2002 places a duty on local authorities (in relation to their education institutions, which include sixth-form colleges) to exercise their functions with a view to safeguarding and promoting the welfare of children who are pupils at a school, or who are students under 18 years of age attending further education institutions. The same duty applies to independent schools (which include Academies and free schools) by virtue of regulations made under section 157 of the same Act. In order to fulfil their duty under sections 157 and 175 of the Education Act 2002, all educational settings to whom the duty applies should have in place the arrangements set out in chapter 2, paragraph 4 of Working Together to Safeguard Children March 2013. In addition schools should have regard to specific guidance given by the Secretary of State under sections 157 and 175 of the Education Act 2002 namely, *Keeping children safe in education March 2015*. The school recognises its responsibility under section 175 of the Education Act 2002 to safeguard and promote the welfare of children and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support those children who are suffering harm.

or suspected cases, of abuse and allegations against teachers and other members of staff.

- Supporting pupils who have been abused in accordance with his/her agreed Child Protection Plan.

2. PROCEDURES

Our school procedures for safeguarding children will be in line with North Somerset Safeguarding Children Board and the South West Child Protection Procedures which have been adopted by North Somerset Local Authority. They will follow any guidance issued by The Department for Education (DfE), namely Keeping Children Safe in Education September 2016 (KCSIE) and Working Together to safeguard Children 2016 issued by HM government. Alongside these local guidance – the North Somerset Safeguarding Children Board Threshold Criteria for Children in Need and Child Protection Referrals provides a clear framework for identifying levels of need and the action required to support and safeguard children.

2.1 Safe Recruitment

We will follow all guidance in Keeping Children Safe in Education September 2016 (Section 3 Safer Recruitment) and from the Disclosure and Barring Service (DBS).²

We will ensure the Headteacher, Governors and staff on recruitment panels undertake all appropriate safer recruitment training as outlined in Keeping Children Safe in Education September 2016

Our selection and recruitment policy includes all appropriate checks on staff and suitability including DBS checks. With regard to the recruitment of volunteers our policy will be rigorous and follow KCSIE 2016 and other DfE guidance with regard to regulated and supervised activities.

We will ensure that all adults within our school who have access to children have been checked as to their suitability as outlined in Keeping Children Safe in Education September 2016.

We will ensure that all staff and volunteers have read the staff behaviour policy (code of conduct) and understand that their behaviour and practice needs to be in line with it.

Allegations

Any allegations against staff other than the Headteacher, volunteers, governors, contractors and visitors that indicate that they may have:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates s/he is unsuitable to work with children

will be reported immediately to the Headteacher or the Designated Safeguarding Lead (if the Headteacher is not present). The Headteacher will inform the Local

Authority Designated Officer (LADO) following the guidance in Keeping Children Safe in Education 2016 SPA 01275 888808 / lado@n-somerset.gcsx.gov.uk

- If the allegation made to a member of staff concerns the Headteacher, the person receiving the allegation will immediately inform the Chair of Governors who will consult as above, without notifying the Headteacher first.
- The name of any member of staff considered not suitable to work with children will be referred to the Disclosure and Barring Service (DBS) with the advice and support of Human Resources and in accordance with the DBS Referral Policy.

2.2 Raising Awareness and Equipping Children with Skills Needed

We recognise that because of the day to day contact with children, school staff are well placed to observe the outward signs of abuse and that all staff and Governors have a full and active part to play in protecting our pupils from harm. The school will therefore:

- ensure children know that there are adults in the school whom they can approach if they are worried.
- embed opportunities in the curriculum and school life for children to develop the skills they need to recognise and stay safe from abuse, including online abuse, Child Sexual Exploitation, Radicalisation and Female Genital Mutilation
- raise the awareness of all staff members of the need to safeguard and promote the welfare of children, and of their responsibilities in identifying and reporting possible cases of abuse
- ensure every member of staff (including temporary and supply staff and volunteers) and governing body knows the name of the Designated Safeguarding Lead (DSL) and their deputies responsible for child protection and their role. The names of the Designated Safeguarding Lead and their deputies will be clearly visible in the school, with a statement explaining the school's role in referring and monitoring cases of suspected abuse and allegations

2.3 Developing and Implementing Procedures for Reporting Abuse

We will:

- have a Designated Safeguarding Lead for child protection who has undertaken two day multi agency Advanced Safeguarding Children Training as recommended by the North Somerset Safeguarding Board and updates this training every two years
- have a member(s) of staff who will act in the Designated Safeguarding Lead's absence who has also received basic multi-agency training, and who will be familiar with the roles and responsibilities and know the procedures to follow
- ensure we have a nominated Governor responsible for child protection who has been appropriately trained

- ensure all staff, volunteers and governors understand their responsibilities in being alert to the signs of abuse and neglect so they are able to identify cases of children who may be in need of help or protection and the importance of reporting concerns expeditiously.
- Ensure that all staff, volunteers and governors maintain an attitude of 'it could happen here' and when concerned about the welfare of a child always act in the best interest of the child
- notify Social Care immediately if there is an unexplained absence of any pupil who is subject to a Child Protection Plan (or an absence which has been explained by a parent or carer but the school is concerned)
- develop effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters including attendance at inter-agency meetings, strategy meetings and case conferences
- keep written records of concerns about children, even where there is no need to refer the matter immediately
- provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure we, the school, contribute to assessments of need and support plans for those children
- ensure all records are kept securely, separate from the main pupil file, and in locked locations
- understand that our responsibility to safeguard children requires that we all appropriately share any concerns that we may have about children. This may include contacting the Single Point of Access (SPA), Social Care or Local Authority Designated Officer (LADO), who will provide consultation and advice for anyone working with children
- ensure that parents have an understanding of the responsibility placed on the school and staff for safeguarding and child protection by making the policy available to them and sharing safeguarding procedures
- the school will normally seek to discuss any concerns about a child with their parents and gain consent to make a referral or offer of support. However, if the school believes that notifying parents could increase the risk to the child or exacerbate the problem advice will be taken
- ensure all members of staff have an awareness of the types of abuse including Child Sexual Exploitation, Radicalisation and Female Genital Mutilation
- ensure all members of staff are provided with opportunities to receive Basic Awareness training by the Local Authority Safeguarding in Education

Officer or other source in order to understand their responsibilities relating to safeguarding children

- ensure all members of staff are aware of their responsibilities under the Prevent Duty and the Mandatory Reporting Duty in relation to Female Genital Mutilation (KCSIE 2016)
- ensure all staff members are aware of the systems within the school which support safeguarding – this should include the safeguarding policy, staff behaviour policy (see Guidance for Safer Working Practice) and identify the Designated Safeguarding lead and should be part of staff induction
- all members of staff should read at least Part 1 of Keeping Children Safe in Education September 2016 and this should be part of staff induction
- recognise that all matters relating to child protection are confidential and the Headteacher or Designated Safeguarding Lead will disclose personal information about a pupil to other members of staff on a need to know basis only.
- ensure all staff must be aware that they have a professional responsibility to share information and other agencies in order to safeguard children and that they cannot promise a child to keep secrets which might compromise the child's safety or well-being, or that of another.
- always undertake to share our intention to refer a child to Social Care unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with Social Care on this point.

2.4 Supporting Pupils Who Have Been Abused

We will:

- recognise that a child who is abused, who witnesses violence or who lives in a violent environment may feel helpless and humiliated, may blame him/herself, and find it difficult to develop and maintain a sense of self worth. (Categories of Abuse Working Together 2015 – Basic Awareness Training)
- recognise that the school may provide the only stability in the lives of children who have been abused or who are at risk of harm.
- be aware that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.
- ensure these children are particularly closely monitored and supported and any concerns are recorded and reported to Social Care.
- attend case conferences, core group meetings and other liaison meetings

as necessary.

- implement a Personal Education Plan (PEP) for all Children in Care and a Pastoral Support Plan (PSP) or Individual Education Plan (IEP) for other children where there is a need for specific support in school
- provide continuing support to a pupil (about whom there have been concerns) who leaves the school by ensuring that such concerns and school medical records are forwarded under confidential cover to the Headteacher at the pupil's new school as a matter of urgency
- establish a safe environment which supports all pupils.

2.5 Establish a Safe Environment

We will:

- support the child's development in ways that will foster security, confidence and resilience in every aspect of school life including through the school curriculum
- provide an environment in which children and young people feel safe, secure, valued and respected, feel confident and know how to approach adults if they are in difficulties
- ensure that children and young people are educated about the expectations they should have relating to the behaviour of adults who work with them
- develop effective working relationships with all other agencies involved in safeguarding children such as Social Care, Community Family Teams, The Police, Child and Adolescent Mental Health Services, The Vulnerable Learners Service, specialist domestic abuse support service and domestic abuse Multi Agency Risk Assessment Conferences (MARAC)
- ensure we have a named Designated Teacher for Children Looked After and that we provide the best opportunities and support for children to achieve the best outcomes and participate in school life
- contribute to the wider safeguarding agenda by working with the local community and following government guidance to help our children live in a safe environment
- recognise that staff working in the school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm may find the situation stressful and upsetting and we will support such staff by providing an opportunity to talk through their anxieties with the Designated Safeguarding Lead and to seek further support
- Ensure that other policies (some are named below) and publications which contribute towards safeguarding children and young people are acted upon,

reviewed and updated regularly and appropriate advice sought from relevant staff within the Local Authority in relation to them:

- ❖ Staff Behaviour – Guidance for Safer Working Practice
- ❖ The Prevent Duty (and Channel)
- ❖ Mandatory Reporting of Female Genital Mutilation
- ❖ Physical Intervention / Positive Handling
- ❖ Anti-Bullying Policy
