God Matters

During April your child(ren) will be studying EASTER in Religious Education:

Year 4

In this unit there is a continued focus on the appearances of Jesus with an explanation of the road to Emmaus story. Pupils are introduced to and examine the Ascension and what it teaches us.

Help At Home

- Talk to your child about how Jesus walks with us today on our lives.
- Make two footprints and paste or draw a picture of themselves on one and an image of Jesus on the other and put up on an appropriate wall to symbolise Jesus being with them. Can say a prayer using these each day.
- Look up what the work to ascend means and then discussion how this is linked to the word Ascension.
- Get your child to tell you the story of Ascension.
- Encourage children to think about how the journey to Emmaus can be linked to modern day scenarios.

Year 5

In this unit the children will study the Easter Vigil in detail to develop an understanding of the symbolism of Easter, as well as the beliefs that lie behind it. The children also look at the Nicene Creed and how this is an expression of faith, as well as why the baptismal promises are renewed at this time. The Easter Vigil is considered as a part of the Easter Triduum, and how it inspires us to change.

Help at Home

- If you have gone to an Easter Vigil then talk through all the key aspects of the service including, the service of light, liturgy of the word, renewal of baptismal promises and the Eucharist.
- Bring out your child's baptismal candle if you have one and relight it and say together the baptismal promises.
- Say the Nicene Creed together at some point and if you go to church pay particular attention to it during mass.
- Discuss the recent changes to the creed and why do they think we now say I instead of we.

Year 6

The children will revise their understanding of the resurrection, looking at different accounts within the Bible and exploring their meaning. Theories and evidence around whether or not the resurrection actually happened will be studied and used to inform a class debate. Following this, Christian beliefs in life after death will be explored by studying the funeral liturgy within the Catholic Church.

Help at Home

- Ask your child to share some of the theories behind the resurrection. Have a discussion about your own thoughts and why you believe what you do
- If your child has experienced the death of someone close, talk through the concept of eternal life and how the death of someone can affect us but that we should also celebrate their life
- Ask your child to draw a picture of what they think heaven may look like and explain why.
